### WHO SET THE FIRE?

**Mr. McBride Charged with Setting a Prairie Fire—Fined By The Magistrates—Case Appealed.**

On Friday last Mr. Malcolm McBride, of Moose Jaw, was charged before Messrs. Green and King, magistrates, with having set a fire on the prairie on or about section 4, in township 15, in range 28 and not putting it out before leaving, contrary to the form of Chapter 20 of the revised Ordinance of 1888, and amendments thereto, of the North-West Territories.

Mr. W. J. Nelson appeared for the prosecution and Mr. J. G. Gordon for the defendant.

Mr. Malcolm McBride, sworn:—I am the defendant, I live in Moose Jaw I was hay-making on the 1st of August about section 4, on the 1st of August last. We reached that section on the 1st inst. I took a shovel and cleared the sod away from the side of a hill and dug a small hole in the earth; sawed a board up and lit a fire in the hole. I carried a barrel of water with me from town. I put the water on for making tea. I put the fire out immediately after cooking with water out of the barrel. No prairie fire started from the fire. I saw a prairie fire Wednesday evening north-east of where we were camped; north-east of the old camping ground. There was no wind the night we lit the fire. There was a little wind the next day from the south-west; but that night there was a big wind. When I lit the fire McInnis was moving in the slough, one quarter of a mile away. I did not do any more than pour water on the fire. I filled the hole until it ran over, immediately after cooking. The prairie fire we saw Wednesday evening was about 2½ miles north of where we were camping when we saw it first. We returned Thursday morning and we saw that the prairie where we were first camped was not burnt.

Cross examined by W. J. Nelson:—My son was present when I poured the water on the fire. I only put water on the camp fire. I know I extinguished the fire by putting the water on. I filled the hole again Wednesday morning with water. I swear that we were within one quarter of a mile of the old camping ground, passing by the old camp on Thursday morning. There was a small hill between us and the old camping ground. We could see the hill and part of the side. We could not see whether the hay McInnis cut on Tuesday was burned or not. It was not possible for a fire to start from our old camp fire. The hay we cut is now burnt; the grass is all burnt around there.

Master Warren McBride was then sworn and his evidence was substantially the same as his father's, with the exception that he swore in addition that the hole was dug in sandy soil, nine inches in diameter and six inches deep; and that his father put two sauce-pans of water in the hole where the fire was.

### JUDGMENT.

The magistrates decided that the defendant, Mr. McBride did not take sufficient precautions to put out the camp fire, and therefore fined the defendant in the sum of ten dollars and costs, or in default of payment two months in the common gaol at Regina. The case, it is stated, will be appealed, and come up before the Court in October next.

### Statutory Declarations.

The new "Witness and Evidence act," chapter 31, 56 Victoria, came into force upon the 1st inst. By it the whole of chapter 141, revised statutes of Canada, is repealed from that date and a statutory declaration must now

be made in the following form:

I, (A. B.), do solemnly declare that (state the fact or facts declared to) and I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath, and by virtue of the Canada Evidence Act, 1893.

Declared before me  
As this day of A.D. 1898

A declaration in the old form as provided by chapter 141, revised statutes of Canada, is, therefore, of no use if taken now.

### MARRIED AT MARLBOROUGH.

**A Moose Jaw Bride to a Chicago Groom—The Marriage Ceremony.**

On Wednesday morning an interesting marriage ceremony took place at Viewfield Farm, Marlborough, the residence of Mr. Wm. Watson, when his daughter Maria was married to Mr. William H. Mulvey, of Chicago. The ceremony was performed by Rev. F. B. Stacey, of Moose Jaw.

Among the numerous beautiful presents was a handsome jewel case, a gift from friends of the bride. It was accompanied by the following address:

DEAR MISS WATSON:

It is with regret that we learn of your departure from our midst and on this the last evening of your stay with us, we have come to wish you much happiness in the new sphere of life you are about to enter and also to say good bye. Your time with us here has not been so very long, still long enough to have endeared you in the hearts of all the Marlborough people, and we are selfish enough to be sorry because you are going so far away from us, although we have every reason to believe that you will soon be surrounded by many kind friends and have every thing desirable in your new home to make your life happy.

You are going to a place of very lively activity and for fear that you should forget your Marlborough friends in the busy hum and bustle of city life, we ask you to accept this jewel case as a slight token of the esteem in which you are held.

We congratulate Mr. Mulvey on the fair prize he has won and wish for you both a safe journey and the highest happiness throughout your future. We hope that the time may not be long before you think fit to pay us a visit, when we promise you a right royal Canadian welcome.

Signed on behalf of your Marlborough friends.

MRS. J. G. BEMLEY.

MRS. IDA McFILLAR.

Immediately after the wedding breakfast the happy couple drove to Moose Jaw and took the east-going train. They proceed at once to Chicago, where they will make their future home.

### CARON CHIPS.

Harvesting is the order of the day but owing to warm weather a week or two ago the sample is not what it should be.

Thos. Lang has removed from here to Moose Jaw. Tommy will be missed greatly but our loss is Moose Jaw's gain.

H. G. Hurlburt is thinking of wintering his stock in the hills about 75 miles south-west of Caron.

Mr. Auger supplied the place of the Methodist minister on Sunday last at this place.

Messrs. J. Purdy, J. Baker, A. Powell and J. Smith paid a flying visit to Moose Jaw on Saturday.

Lyon Bros. have finished cutting grain.

The Caronites would like to know the party or parties the prairie fire south-east of here.

Mr. and Mrs. Hill have returned from a visit to Winnipeg and vicinity.

Mrs. Neugent and Miss Lewis from London are visiting friends and relations here.

John Smith has returned to Parkburg after spending a week in this vicinity.

Mr. J. Thompson is building a residence on Manitoba St. West.

### THE NORTHWEST ASSEMBLY

**Preliminary Work—Campbell's Case to be tried—Prairie Fire—The Game Ordinance.**

REGINA, Aug. 21.—Speaker Ross took the chair this afternoon at 2.30. After routine Oliver presented petition of Edmonton Electric Light Company for ordinance to enable them to compete arrangement with town of Edmonton also petition from town re incorporation of an Electric railway. The following notices were then given:—Knowing—resolution re damage to gophers; Prince—bill re mortgages; Nowat—bills re protection of horse breeders and to amend assessment and taxation Ordinance; Dill—bill re apprentices and minors. The following were then introduced:—Haultain—bill to amend Ordinance re partnership; Oliver—Ordinance to amend game ordinance, Neff—bills re infectious disease in animals and re noxious weeds.

Haultain moved that Oliver, Davidson, Inainger, Cayley and Haultain be a select committee to enquire into certain charges against Daniel Campbell, a member of the house.

Betta took exception. He thought that no charges were before the house. Some member should formulate a charge and then ask for a committee.

Haultain replied that there was no necessity for a formal charge as each had been made in the courts and the member was a fugitive from justice.

Haultain moved the second reading of the bill re prairie and forest fires, and explained that the first clause provided for a minimum fine. He could cite three or four instances where a fine of \$1 had been imposed. The second clause provided that all members of the N. W. M. Police should be ex-officio fire guardians. The assembly had recognised the good done by the police by asking for their wider distribution during the dangerous season. Inainger suggested that part of the fine should be given to the informer. Betta supported the suggestion and rather thought the assembly should offer a fixed reward. Lineham said something should be done to prevent the igniting of fire by C. P. R. engines. Cayley supported him, but doubted whether the assembly had sufficient powers. It might be necessary to get powers from Ottawa.

Haultain was in favor of a system of rewards to informers, and moved that the ordinance be referred to the standing committee on agriculture. Haultain moved that his honor the lieutenant-governor's speech be referred to a select committee consisting of Cayley, Betta, Oliver, Neff and Knowling, for the purpose of drafting a reply.

REGINA, Aug. 22.—Today's proceedings began with motion that reports of standing committees on petitions presented yesterday by Oliver be received.

Betta moved for a return of all officials, with their salaries and terms of office, employed in connection with the territorial exhibit at the World's Fair.

The house went into committee of the whole on Oliver's amendment to the game ordinance. The first clause provided for commencing the close season for chicken on December 1. Duck shooting will commence on Aug. 31. On application half the fine shall be paid to the informer. Plover and snipe shooting shall commence on Aug. 1. A license fee of \$5 on non-residents was imposed. All members of the Mounted Police shall be ex-officio game guardians.

The new time card over the C.P.R. Prince Albert branch goes into effect today, trains leaving Regina, on Mondays and Fridays, at 7 o'clock p.m. after the arrival of the express from the east, reaching Prince Albert the following mornings at 9 o'clock.

Postmasters have received the following instruction from Ottawa: "The idea is more or less prevalent in country places that a letter may pass at a lower rate of postage if left open. Postmasters should do what they can to correct this impression, which is wholly erroneous.

It is customary among weekly papers to suspend publication for one week each year in order to give the printers a holiday. There will be no issue of the Times on Friday, Sept. 8th, and any parties requiring job work should order next week.

During the past winter and spring there has been cut in the vicinity of Rat Portage several hundred thousand ties. Of these 360,000 are required for the "Soo" extension, and at the rate of fifty cars a day for three weeks they have been shipped for the new line. There is still work for the men engaged at Rat Portage in loading ties, to occupy them for the next two weeks by which time all the ties should be placed along the "Soo" road.

Will the kind ladies of the town please take notice that on the 5th of September the Salvation Army officers and soldiers are going to have a Thanksgiving and harvest supper for which the Captain desires us to ask, through our paper, your assistance by baking something for it. The officers will call for whatever you feel disposed to give by letting them know. The proceeds of this supper go towards erasing the debt off the local corps, the sum of which amounts to \$200.

Persons having employment in railroad service which necessitates their travelling between stations a great deal often find it very laborious and tiring pumping a velocipede for mile after mile. A new scheme, having in view the saving of labor and the making of better time in work of this kind, has lately been tried. The idea is to use a gasoline engine. A machine with this was made at Kalamazoo, Mich., and had a successful trial trip with three men on board, making a speed of eighteen miles an hour. It had been manufactured specially for Mr. B. S. Jenkins, superintendent of C.P.R. telegraphs. The contrivance will shortly come into general use on C.P.R. lines.

On Monday night the C.P.R. express from the coast was partially derailed about three miles east of Calgary. Two cayuses were running ahead of the train and fell through a small bridge. The locomotive was badly smashed, the tender was damaged, and the baggage, mail and kitchen car for the men from "C" battery left the rails but were not badly injured. The track was badly torn up, but there was no injury to passengers. The driver and fireman were slightly hurt. His Imperial Japanese Highness Prince Komatsu Yohito was a passenger on the train. He seemed to enjoy the experience and watched the work of the wrecking gang with much interest. Wrecking gangs from Gleichen and Canmore were at work all night, and by noon on Tuesday had the obstruction cleared and the track passable. The delayed train passed this point early Wednesday morning.

J. Trangorp, a Finlander was thrown from a hand car on the Soo line on Wednesday and had his leg broken. He was taken to Medicine Hat hospital.

The C.P.R. company has promised through Supt. Whyte the use and transport of an exhibit car to be filled with the products of the Prince Albert district and sent to the fair grounds of Eastern Canada.

A meeting under the auspices of the W. C. T. U. was held in the town hall on Wednesday evening. Mrs. Richards, the president occupied the chair. Rev. F. B. Stacey delivered an earnest address on temperance. A number of readings and songs were given by local talent. A large number signed the pledge.

R. C. Macdonald received an order by telephone yesterday to send a dollar's worth of fruit to the telegraph office. When the tempting assortment arrived the operators informed the messenger that no such order had been given. After his departure however one of them remembered that yesterday was the birthday of one of the night dispatchers and supposed that in the goodness of his heart he had sent a treat to the boys. The call boy was sent post haste to the fruit store and stated this theory to Mr. Macdonald but he couldn't see it in that light. Some miscreant was putting up a job on him.

Gabriel Dumont, Niel's lieutenant during the '85 rebellion is in Winnipeg. It is evident from remarks dropped by Dumont that another half-breed uprising is in no wise to be feared. Gabriel states that he is very peaceful and has great respect for the guns of the "black fellows." He is a fine looking half-breed. He displays remarkable activity in his movements, to wit, his disappearance while an interpreter was being looked up. His present home is near St. John's, Dakota, but he will likely remove to Manitoba this fall, as he prefers living amongst his Canadian friends.

#### IN CONFERENCE ASSEMBLED.

#### Third Annual Conference of the Baptist Churches of Assiniboia.

A Conference of the Baptist Churches of Assiniboia was held in Russell Hall, Moose Jaw, August 16th to 19th. Among those present were the following:—B. King, Dowling, Avauche, Poehlmann, Mack and Reekie; Messrs. F. E. Burnham, of Regina; D. Cameron of Winnipeg, and Miss M. McFarlane, and Miss F. Griest of Qu'Appelle. The Conference opened on Wednesday evening with a sermon by Rev. F. W. Avauche of Regina. On Thursday morning devotional service was led by F. E. Burnham, after which the officers were elected and duly installed. Rev. H. W. Mack was elected president and W. P. Reekie, secretary.

During the sessions papers were read on the following subjects: "The Mission of the Missionary," by Rev. Mr. Reekie; "The Holy Spirit," by Rev. J. H. King; "The Deacon and his Office," written by Bro. Dale, of Qu'Appelle and read by Rev. Mr. Poehlmann; "Women's worth and work," by Mrs. Richards, of Moose Jaw; "Nurturing Young Christians," Rev. Mr. Dowling. All the above papers were thoroughly discussed to the pleasure and profit of those present.

On Thursday evening an evangelistic service was held. Addresses were delivered by Bro. Reekie on "Sin," Bro. King on "Redemption," Bro. Dowling on "The Outcome of Redemption." Revs. Bunt and Stacey and D. Cameron of Winnipeg were present and being called upon spoke words of encouragement.

Friday afternoon was devoted to the work of Sabbath Schools on the occasion of which a number of Teachers and scholars were present. Rev. J. F. Dowling, of Moose Jaw, gave a talk on object lessons and practical teaching, illustrating the same by many of his own artistic productions. Friday evening was given to Missions. Addresses were delivered on Home Missions by Bro. King, Grand Ligne by Bro. Dowling, Indian Missions by Bro. Reekie, German Missions by Bro. Poehlmann and Foreign Missions by Bro. Avauche. At the close a collection was taken in aid of Missions. This closed the third Baptist Conference of Assiniboia. The next one is to be held in Qu'Appelle in November next.

#### To Invade the United States.

Toronto, June 26.—Another announcement of interest is made by The Dadds Medicine Company, Ltd., of this city, to the effect that they have decided to establish a factory and warehouse at Buffalo, N. Y., in order to supply the growing demand for Dadd's Kidney Pills in the United States. This remedy has never been advertised or placed on sale in the United States, but the popularity of the remedy and the news of its success in Canada quickly reached the people of the neighboring republic, and others have poured in unsolicited, from every State in the Union. The capacity of the Toronto factory is taxed to supply the Canadian market and the management feel that they can only do justice to both foreign and home demands by invading the United States and establishing a depot and factory there.

#### MARRIED.

## NOTICE.

THE following is a summary of the Regulations with respect to the manner of recording claims for MINERAL LANDS other than Coal Lands, and the conditions governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining Iron or Petroleum shall not exceed 160 acres in area.

On discovering a mineral deposit, any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations on that behalf, and filing with the Agent of the Dominion Lands, within sixty days from the date of discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent therefor 25 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,  
Deputy of the Minister of the Interior.  
Ottawa, July 1890.

#### Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territories, except 8 and 26, which have been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is sole head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres or less.

ENTRY. Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES. Under the present law homestead duties may be performed in three ways, and the making application for entry the settler must declare under which of the following conditions he elects to hold his land:—

1. Three years' cultivation and residence during which period the settler may not be absent for more than thirty days in any one year without forfeiting the entry.
2. Residence for two years and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homesteaded land for three months next prior to application for patent. Under this system 10 acres must be broken the first year after entry, 15 additional in the second, and 15 in the third year, 10 acres he in crop the second year and 25 acres the third year.
3. The five years' system under which a settler may reside anywhere for the first two years (but must perfect his entry by commencing cultivation within six months after the date thereof) breaking five acres the first year, cropping three acres the second year, and breaking five acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homesteaded land at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

#### APPLICATION FOR PATENT

may be made before the local agent, or any homestead inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

#### SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of recommendation countersigned by the Commissioner of Dominion Lands upon application for patent made by him, or had earned title to his first homestead on, or prior to the second day of June, 1890.
